

A. VEERIYA VANDAYAR MEMORIAL SRI PUSHPAM COLLEGE (AUTONOMOUS)

Poondi, Thanjavur District

In collaboration with

NATIONAL HUMAN RIGHTS COMMISSION

New Delhi

Cordially invites you to the

ONE DAY BASIC TRAINING PROGRAMME ON HUMAN RIGHTS

*on 7th December, 2018
at 9.00 am to 5.00 pm*

CONCEPT NOTE

If things go well with an individual, life is worth living. When the individual falters, life falls apart. Human Rights are the basic principles of equality, justice, integrity, honesty and mutual trust. The concept of the training is to instill in the young minds the seeds of invaluable human values in the name of human rights. Though human rights are invented by the society, innumerable people actually not aware of the human rights.

As the road signals, compass in the ship, the light house at sea shores point the clear and right path, the human rights is a beacon light that will always guide us in the right track. The present day society now faces flagrant human right violations everywhere. It is a rampant disease which rapidly spreading its tentacles in all directions and heavily trample down the human rights.

Actually the present day society is leading a miserable, selfish life. No one is ready to better the world in the teeth of wrong. The present day condition of a young man's knowledge of human rights is that he knows not and knows that he knows not, because he is sleeping. It is the right time to wake him up in this tech zenith era.
